FOR IMMEDIATE RELEASE

State Transportation Improvement Plan Revision Announced

The Federal Highway Administration (FHWA) requires each state highway agency to develop a Statewide Transportation Improvement Program (STIP). The STIP must list all highway and transit projects that will be using federal funds, as well as all regionally significant transportation projects using non-federal funding sources. It covers a period of four years and in Nebraska is updated every year on October 1st. Periodically, the Nebraska Department of Roads (NDOR) must amend the STIP for reasons such as; to add or remove projects, to make adjustments to funding sources or estimates or to update a project's scope of work.

Federal law requires that all citizens and other interested parties in the State's transportation planning process be given reasonable opportunity to comment on the proposed STIP and on any proposed amendments to an approved STIP. NDOR uses statewide news releases and an automated email subscription management system called GovDelivery to inform the public and advise them of the means and time period to comment on STIPs and any amendments. All comments will be addressed and those responses reported to the FHWA.

The revision, referred to as Revision 2, is available for public comment on the NDOR website www.roads.nebraska.gov/STIP/index-public-comment.html from January 6 to 5:00 p.m. CDT on January 13, 2014.

The FHWA and the Federal Transportation Administration (FTA) will not approve the revision until the public comment period has ended and comments have been evaluated and incorporated in the revision as appropriate.

#MORE#

Copies of the Nebraska Department of Roads' STIP are available from each of the eight district offices. (See the attached map of the district offices and contact information.) A copy of the proposed STIP revision may be obtained upon request to the Communication Office, 1500 Highway 2, P.O. Box 94759, Lincoln, NE 68509-4759, or by calling (402) 479-4512 or by email to maryjo.oie@nebraska.gov. This plan can be viewed at www.roads.nebraska.gov/STIP/.
