FOR IMMEDIATE RELEASE

Maintenance Work on N-15 West of Milford

Weather permitting, a fog seal project will begin the week of August 10 on N-15, according to the Nebraska Department of Roads. A fog seal is oil sprayed onto the surface of a newer road to seal the fine cracks.

State maintenance forces will be doing a fog seal on the shoulders from Reference Post 57.0 to Reference Post 60.4, three miles west of Milford. The work is anticipated to take one day. One-lane traffic will occur with the use of a pilot vehicle and flaggers. Motorists should expect to see delays and are reminded to drive cautiously through highway work zones.
