FOR IMMEDIATE RELEASE

Maintenance Work on N-50 North of Pawnee City

Weather permitting, a chip seal project will begin August 7 on N-50, according to the Nebraska Department of Roads. Chip seal is an application of an asphalt binder to a roadway surface followed by an aggregate.

State maintenance forces will be doing a chip seal from Reference Post 13.66 to Reference Post 17.0, north of Pawnee City for 3.5 miles. The work is anticipated to take one day. One-lane traffic will occur with the use of a pilot vehicle and flaggers. Motorists should expect to see delays and are reminded to drive cautiously through highway work zones.
