FOR IMMEDIATE RELEASE

Maintenance Work on US-6 West of Milford

Weather permitting, a fog seal project will begin the week of August 10 on US-6, according to the Nebraska Department of Roads. A fog seal is oil sprayed onto the surface of a newer road to seal the fine cracks.

State maintenance forces will be doing a fog seal from Reference Post 290.1 to Reference Post 292, west of Milford. The work is anticipated to take one day. One-lane traffic will occur with the use of a pilot vehicle and flaggers. Motorists should expect to see delays and are reminded to drive cautiously through highway work zones.
