

Pay Estimate Exceptions QRG

1. From the Dashboard, find the appropriate Contract under the 'Contract Progress Overview' component. Click on the "Contract Id" hyperlink for the appropriate Contract.
2. The system navigates to the 'Contract Progress Summary' page. Select the 'Payment Estimates' component tab along the left side.
3. For the desired pay estimate, click on the "Number" hyperlink.
4. Select the 'Exceptions' component tab along the left side. The system will display all exceptions that exist for the Payment Estimate.
5. To review, and modify if needed, a specific exception, select the expand carrot on the left of the row for the appropriate exception.
6. Depending on the exception and whether the Payment Estimate Type will dictate how the Exception needs resolved.
 - a. There are 4 levels of resolution that may be available, depending on the Exception and Pay Estimate Type.
 - i. Unresolved – The exception requires no further action.
 - ii. Override – The exception will be reversed, and a comment is required.
 - iii. Acknowledge – The exception will be accepted, and a comment is required.
 - iv. Resolve – The exception must be satisfied before the estimate can be submitted for approval.
 - b. Expand the Exception row by clicking on the carrot at the left of the desired row.
 - c. Click the drop-down arrow for the "Status" field and select the appropriate resolution for the Exception.
 - d. If necessary, select an appropriate remark type from the "Type" field drop-down list.
 - i. The "Remark" field will pre-populate with a generic statement depending on the option chosen for the Remark Type.
 - ii. If 'Other' is chosen as the Remark Type, a comment is not populated in the "Remark" field and the user is required to enter one.
