FOR IMMEDIATE RELEASE

Information Open House February 2 for Improvements on US-34 in York Area

The Nebraska Department of Roads will hold an Information Open House February 2 regarding the proposed improvement of U.S. Highway 34 (US-34), in York County, known as **York West**. The open house will be held from 4:00-6:00 p.m. at the York Municipal Building – Council Chambers, 100 E. 4th Street, in York.

The proposed project would resurface about 9.82 miles of US-34, starting approximately 0.22 miles east of the intersection of Nebraska Spur 93A and US-34, and extending east to the junction of US-34 and U.S. Highway 81.

The planned construction would consist of milling the roadway and intersections and resurfacing with a concrete overlay. Additional improvements would include overlaying the existing shoulders with asphalt, raising the shoulders to match the new asphalt, constructing rumble strips on the resurfaced shoulders, and applying permanent pavement markings to all new surfacing.

Personnel from the Department of Roads will be available to answer questions, receive comments, and discuss any aspect of the proposed highway improvement project. Information regarding the project will be available after the meeting on the NDOR website at www.roads.nebraska.gov/projects/future-projects/ by clicking on the “York West” link.
