FOR IMMEDIATE RELEASE

Work to Begin on N-62 in the Elk Creek Area

Weather permitting, work is scheduled to begin the week of April 18 on N-62, south and east of Elk Creek, from Reference Post 2+00 to Reference Post 8+20, according to the Nebraska Department of Roads.

Hawkins Construction Company of Omaha, Nebraska, is the contractor for the \$4,039,000 project, which consists of guardrail and bridge rail replacement at four different sites. During construction, traffic will be controlled by one-lane work zones and reduced speeds, with a width restriction of 11 feet. The project is anticipated to be completed in August.

The Department of Roads' project manager is Ron Klaus of Fairbury. Motorists are reminded to drive cautiously through construction zones.
