FOR IMMEDIATE RELEASE

## Striping to Begin on I-80, Odessa to Minden

Weather permitting, Trafcon, Inc., of Lincoln, Nebraska, and the Nebraska Department of Roads are announcing the start of an interstate striping project the week of May 16 along I-80, between Exit 263 at Odessa and Exit 279 for Minden.

During construction, intermittent lane closures will be used to facilitate the striping. Lanes will only be closed during daytime hours and will be limited to 8.5 miles in length.

The \$418,214 project is anticipated to be completed in two to four weeks. The project will also place permanent paint along stretches of I-80 and ramps that have not yet received it.

The Department of Roads' manager for this project is Eric Klein of Grand Island. Motorists are reminded to drive cautiously through construction zones.
