FOR IMMEDIATE RELEASE

## Work to Begin on US-75 North of Auburn and Spur 64G Near Peru

Weather permitting, work is scheduled to begin August 1 on US-75 north of Auburn, from Reference Post 28.68 to Reference Post 29.19, and on S-64G near Peru, according to the Nebraska Department of Roads.

Hawkins Construction Company, of Omaha, Nebraska, is the contractor for the \$4,039,000 project, which consists of guardrail and grading at four different sites. During construction, traffic will be controlled by one-lane work zones and flaggers. The speed limit during work hours will be reduced to 45 mph. The project is anticipated to be completed in September.

The Department of Roads' project manager is Ron Klaus of Fairbury. Motorists are reminded to drive cautiously through construction zones.
