FOR IMMEDIATE RELEASE

## Work to Restart on US-26 in Minatare Area

Weather permitting, work is scheduled to restart the week of August 22 on US-26 between Minatare and Moomaw's corner (the L62-A junction). Work will include milling of the old roadway and placement of new asphalt, according to the Nebraska Department of Roads.

Werner Construction, Inc., of Hastings, Nebraska, has the \$3.5 million contract. Traffic will be maintained with lane closures, flaggers and a pilot vehicle during daytime hours. The highway improvement project is anticipated to be completed by November.

The Department of Roads' manager for this project is Maryanne Jacobs of Gering. Motorists are reminded to slow down and use caution in work zones.
