FOR IMMEDIATE RELEASE

Work to Begin on Westbound US-30 in Kearney Area

August 29, 2016 (Grand Island, Neb.) — Weather permitting, work is scheduled to begin August 29 on the westbound outside driving lane on US-30 in the Kearney area, from Reference Post 274.75 to Reference Post 275. Work will include construction of concrete pavement on the new link road, L-10F, which intersects with existing US-30, according to the Nebraska Department of Roads.

Werner Construction Company, Inc., of Hastings, Nebraska, has the contract for the \$26.5 million project, which is part of Phase II of the Kearney East Bypass construction. Motorists can expect delays, with construction equipment in close proximity to the open lane. The project is anticipated to be completed by September 2.

The Department of Roads' project manager is Tom Farber of Kearney. Motorists are asked to drive cautiously through construction zones.
