FOR IMMEDIATE RELEASE

Work on US-75 and N-2 Interchange in Nebraska City Underway during Apple Jack Festival this Weekend

September 14, 2016 (Lincoln, Neb.) — Weather permitting, construction work on the US-75 and N-2 Nebraska City – Southeast interchange project will continue during the Apple Jack Festival this weekend, according to the Nebraska Department of Roads. Constructors, Inc. of Lincoln, Nebraska, has the \$24.42 million contract for the project which consists of constructing a new elevated interchange, with N-2 elevated over US-75.

Construction operations are necessary during the festival weekend due to weather and phasing commitments. Traffic will be maintained at all times on US-75, N-2 and 11th Street in Nebraska City. Flaggers may be used during the new ramp construction on the northeast quadrant of the project and on 11th street during paving operations.

The Department of Roads' project manager is Mike Habegger of Tecumseh. Motorists are reminded that fines for speeding are doubled in work zones when workers are present. Motorists are also reminded to watch for construction vehicles and equipment entering and exiting construction areas.
