Project Details

S-275-6(1052) Norfolk – Wisner; C.N. 32319

NDOT is proposing to improve approximately 16 miles of U.S. Highway 275 (US-275), located in Stanton and Cuming Counties, Nebraska. The project begins 8.5 miles east of Norfolk, approximately 0.30 mile west of the intersection of US-275 and Nebraska Highway 57 (N-57) at mile marker (MM) 85.80 and extends east and south to the west side of Wisner, Nebraska at MM 101.79, where it ties into the existing US-275 four-lane roadway.

The improvements would expand the existing two-lane highway to a four-lane expressway by constructing a new, parallel two-lane roadway, including drainage structures, adjacent to the existing US-275. The existing two lanes of US-275 would be resurfaced and bridges would be repaired or replaced as needed. In addition to mainline US-275 construction, the project may include improvements at the US-275 intersections with N-57, Nebraska Highway 15 (N-15) and Nebraska Highway 51 (N-51), as well as various county roads.

Information regarding the proposed project will be available on the NDOT website at <https://dot.nebraska.gov/projects/future-projects/> by clicking on "Norfolk - Wisner". For those without internet access, information may be obtained at NDOT Headquarters, 1500 Highway 2, Lincoln, NE, or by contacting:
