

Project Information Sheet

November 2023

I-480 Missouri River Bridge, Omaha NH-480-9(11); C.N. 22807

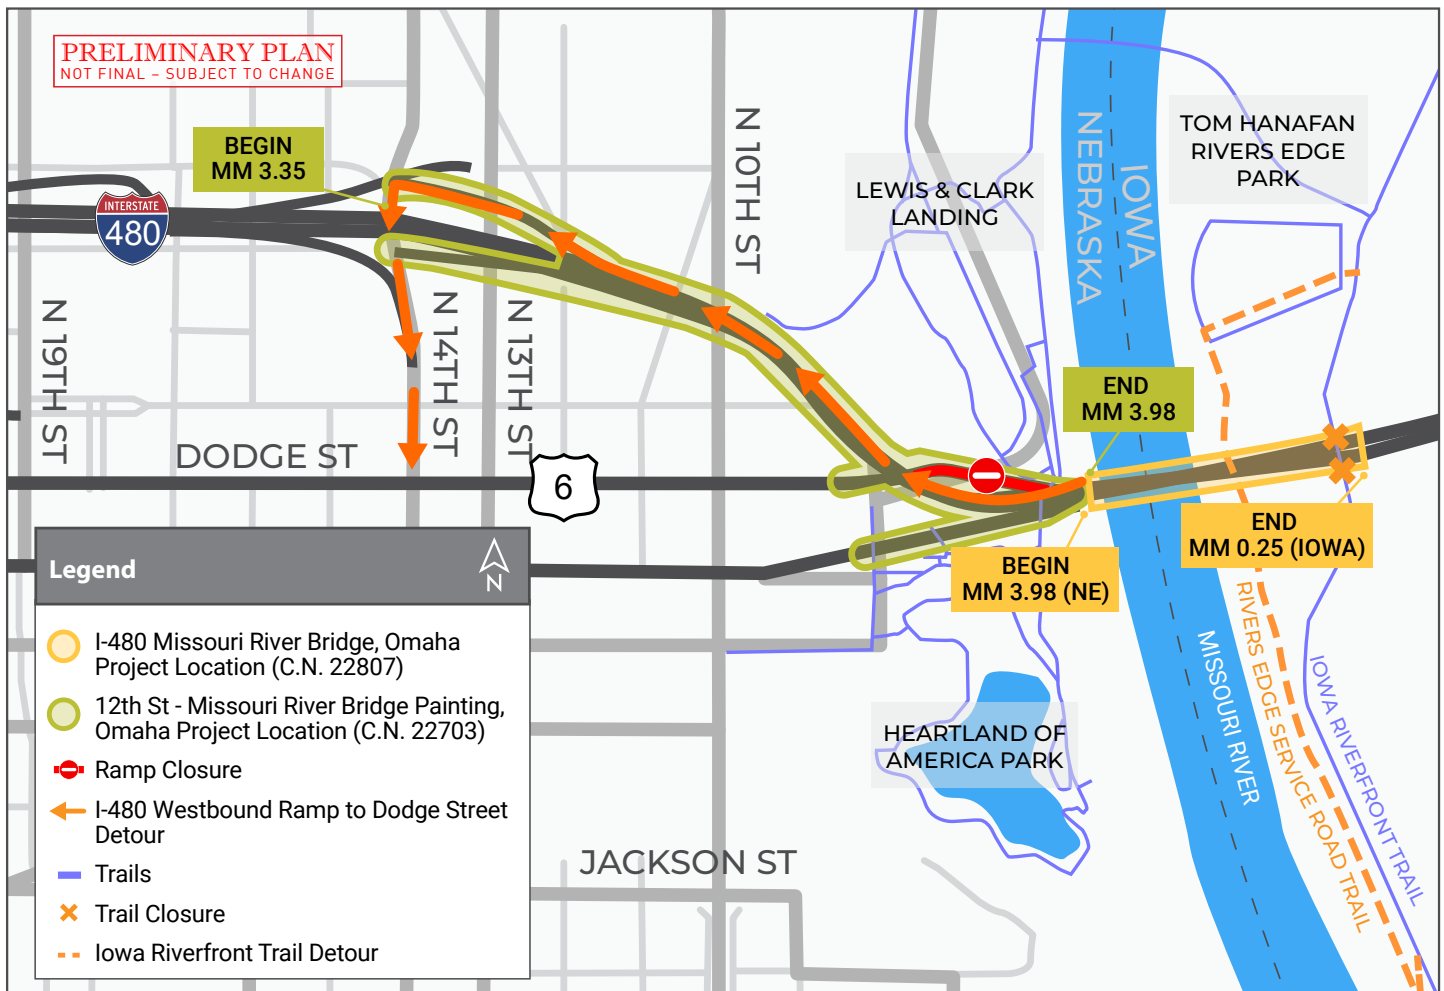

12th St - Missouri River Bridge Painting, Omaha NH-480-9(5); C.N. 22703

Identified as **I-480 Missouri River Bridge, Omaha** and **12th St – Missouri River Bridge Painting, Omaha**, the proposed projects would improve approximately 1.0 mile of Interstate 480 (I-480) in Douglas County, Nebraska and Pottawattamie County, Iowa.

PROJECT LOCATION

The **I-480 Missouri River Bridge, Omaha** project would begin on I-480 at approximately mile marker (MM) 3.98 in Nebraska and would include the length of the Missouri River bridge to approximately MM 0.25 in Iowa. This project would include the full length of the bridge and 500 feet beyond both ends of the bridge.

The **12th St – Missouri River Bridge Painting, Omaha** project would begin at an expansion pier west of 13th Street at approximately MM 3.35 and would continue east along I-480 to approximately MM 3.98, which is the west end of the Missouri River Bridge. Construction may begin and/or end approximately 500 feet ahead of or beyond the actual project limits to accommodate bridge work.

SCOPE OF WORK

Proposed improvements on the **I-480 Missouri River Bridge, Omaha** project would consist of bridge repairs to Structure Number S480 00413, superstructure painting, adding a bridge drainage system, minor electrical repairs, and updating lighting. Proposed improvements on the **12th St – Missouri River Bridge Painting, Omaha** project would consist of painting specific locations within the bridge.

PURPOSE & NEED

The purpose of the proposed projects is to preserve the transportation asset, improve the reliability of the transportation system and perpetuate the mobility of the traveling public. The need for the projects is based on the current condition of the existing bridges.

RIGHT-OF-WAY & POTENTIAL IMPACTS

The proposed projects would not require the acquisition of additional property rights. Access to adjacent properties would be maintained but may be limited at times due to phasing requirements. The Lewis & Clark Trail is located within the project area, but no impacts are anticipated. No wetland and/or other water resource impacts are anticipated.

ANTICIPATED SCHEDULE & COST

Construction of the **I-480 Missouri River Bridge, Omaha** project is tentatively scheduled to begin in Spring 2024, with anticipated completion by Fall 2026.

The **12th St – Missouri River Bridge Painting, Omaha** project is tentatively scheduled to begin in Spring 2024, with anticipated completion by Winter 2024. The estimated cost of each project is approximately \$9 million and both would be derived from federal funding sources.

TRAFFIC ACCOMMODATIONS

The projects would be constructed primarily under traffic with lane closures controlled by appropriate traffic control devices and practices; however, work on both projects would require multiple extended closures of Exit 4 (westbound ramp to Dodge Street). A designated detour would be provided utilizing Exit 3 to 14th Street. The Iowa Riverfront Trail would be closed under I-480 for approximately 21 days to accommodate work. A designated detour would be provided utilizing the River Edge Services Road Trail.

The **12th St – Missouri River Bridge Painting, Omaha** project would also require local traffic under I-480 to be detoured onto local roads or experience lane closures to accommodate work. Pedestrian traffic may be detoured to adjacent sidewalks or maintained with temporary protective covers.

FOR MORE INFORMATION

Information regarding the proposed projects can be found on NDOT's website at ndot.info/22807. For those without internet access, information may be obtained through the contact above or at NDOT Headquarters, 1500 Nebraska Parkway, Lincoln, NE 68502.

CONTACT US

The public is being encouraged to make suggestions or express concerns regarding these proposed projects.

Comments will be collected through **December 18, 2023**. Materials can be provided in alternative languages or formats. For more information, to ask questions, or to submit comments, please contact:
